

This week in Moray Eels class, we've been using our geography research skills to find out impressive facts about the 7 continents of the world. We used a range of resources to help us - atlases, globes, books, the internet etc. Our learning task next week is to bring these facts alive using the power of the green screen.

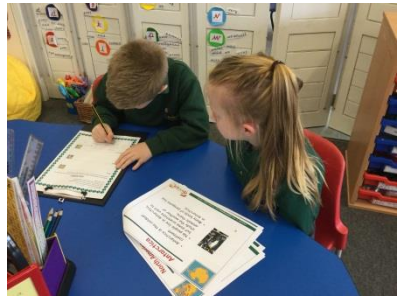

Globes

Enquiry skills

Atlases

Team Work

Information Texts

Communication skills

IPads

Collaboration skills

We would also like welcome Ivan, who joined our class at the start of the week.
